To Whom It May Concern,

Software Island Limited of Hong Kong is an authorized reseller in all Asian countries, of software licenses for all products of our company, including but not limited to:

EZTwain Pro
EZTwainX
Acquire

Software Island Limited is authorized to:

- Present our product, pricing, and licensing information in their market area
- Quote prices (such quotes are binding on Software Island Limited, not Dosadi.)
- Accept orders for our offered licenses and submit them to our order system.
- Deliver to customers the licenses obtained through our order system.
- Facilitate communication between Dosadi and our mutual customers.

EZTwain Pro, EZTwainX and Acquire are products of Dosadi, and all right and title to those products are the sole property of Dosadi, except as explicitly granted in licenses issued by Dosadi.

Legal necessities satisfied, I would like to say that Software Island Limited has represented us in Hong Kong and the People's Republic for several years. We have been completely happy with this relationship and look forward to it continuing.

Best regards

Spike McLarty
President, Dosadi LLC
